Test Timings	GS Paper	9:00 AM to 11:00 AM
	CSAT Paper	12:00 PM to 2:00 PM

Performance Analysis

1500+ Topics Covered

- ▶ **1500+ Topics** to be covered, through **SMART Solution**. It can be used as **REVISION NOTES**
- ▶ **SMART Solutions** will be provided so that you learn how to approach a question in the exam, even if you don't have the full knowledge of the topic given.

▶ **EXAMPLE:**

Let's see how smart solution can be effective through UPSC PRELIMS QUESTION OF 2018.

Q 1: Consider the following statements:

1. In the first Lok Sabha, the single largest party in the opposition was the Swatantra Party.
2. In the Lok Sabha, a "Leader of the Opposition" was recognised for the first time in 1969.
3. In the Lok Sabha, if a party does not have a minimum of 75 members, its leader cannot be recognised as the Leader of the Opposition.

Which of the statements given above is/are correct?

- | | |
|------------------|----------------|
| (a) 1 and 3 only | (b) 2 only |
| (c) 2 and 3 only | (d) 1, 2 and 3 |

Correct Option: (b)

Explanation:

Leader of the Opposition

▶ **Statement 1 is incorrect:**

- 1952 elections The Congress had won 364 out of 489 Lok Sabha seats in the first ever general election held in India. Its vote share was 45 per cent.
- The CPI was the second party with just 16 seats. The Swatantra Party was an Indian liberal conservative political party that existed from 1959 to 1974.

▶ **Statement 2 is correct:**

- Leader of opposition was **recognized for the first time in 1969**.
- The leader of Opposition in the Lok Sabha and the Rajya Sabha were **accorded statutory recognition in 1977. They get same salaries and allowances that are equivalent to a Cabinet minister – paid by the govt.**

▶ **Statement 3 is incorrect:**

- In each House of Parliament, there is the 'Leader of the Opposition'. The leader of the largest **Opposition party having not less than one-tenth seats of the total strength** of the House is recognized as the leader of the Opposition in that House.

Total 10% seat means

- In Lok Sabha 10% of 543 = 55 (In 3rd statement, it says "minimum of 75 members"), hence its incorrect.
- In Rajya Sabha 10 % of 245 = 25

Smart Solution

- In the first reading most of the candidates will find that statement 1 & 2 are very factual in nature and hard to solve. In this case they skip the question and move on to the next one.
- But, If candidate reads the question further he/she will realize that statement 3 was in news (Congress got only 44 seats in last Lok Sabha elections) and is **straight away wrong**. In the Lok Sabha, if a party does not have a minimum of 10% (55) members of the total strength (543), its leader cannot be recognized as the Leader of the Opposition.
- **Conclusion:** Even if you have no idea about statement 1 and 2 and are updated with the current affairs you can straight away eliminate options (a), (c), and (d) and can mark option 'b' as the correct answer.
